INformed

Academics are a source of pride at WHS—especially this year when we scored higher on state tests than any other school in Clatsop County and exceeded the state average. Education is extremely important to students and teachers alike. Learning time management and the way you learn best will play a key role in your success after high school. At WHS, we help students to excel in school.

There are many ways to get involved at Warrenton High School. Whether you audition for a part in the spring musical, participate in band, STEM, or creative writing, or join a club or hang out and surf with Mr. Klebe, there is something for everyone at WHS!

SUMMER

The summer of 2018 was the highlight of the year for Warrenton High School students and the three months spent working summer jobs, vacationing with family, and traveling to exciting destinations with friends was a memorable time for many. As the temperature drops and school supplies fill shelves, students are just as excited to begin a new school year as they were to start the break.

UPWARD BOUND

"Upward Bounds has helped me so much. It has given me so much free stuff! I get free calculators, laptop rentals, college applications, and torturing. I even get my ACT and SAT tests paid for. Not to mention every field trip I go on I get free housing and food."

- Sofia Carr, 11

According to the U.S. Department of Education, the Upward bound program emerged out of the Economic Opportunity Act of 1964 in the response to the administration's War on Poverty. Upward Bound is a program that helps low income first generation students qualify for college. One way this program helps is the Upward Bound Summer Academy. The Academy is held at the Community College. Upward Bound students go to the college Monday through Thursday, with field trips on Friday! The main subjects they learn are, english, foreign langue, and math. In the afternoon the students divide into project groups based on their interests. In 2018 there was an art group, photography group, comedy group, and map making group.

"My favorite activity during Upward Bound Summer Academy was being taught sign language."

- Blake Smith, 11

ALL ABOUT OPPORTUNITY

"My favorite part of Upward Bound Summer Academy was going home."

- Thomas Alford, 11

"UPWARD BOUND GIVES ME A LOT OF INSIGHT THAT NOT EVERYONE ELSE GIVES ME AND IT'S A LOT OF FUN. IT ALSO GAVE ME NEW FRIENDS."

- Caleb Sprengeler, 10

"We were all kind of shy but we ended up being such clowns."

- Hellen Messman, 12

"The project group was fun because it felt like a little family."

- Marlie Annat, 11

"We did a lot of hands on learning and it was just different and I liked it more, so I wanted to learn more."

- Paddy McLaughlin, 12

SUMMER JOBS

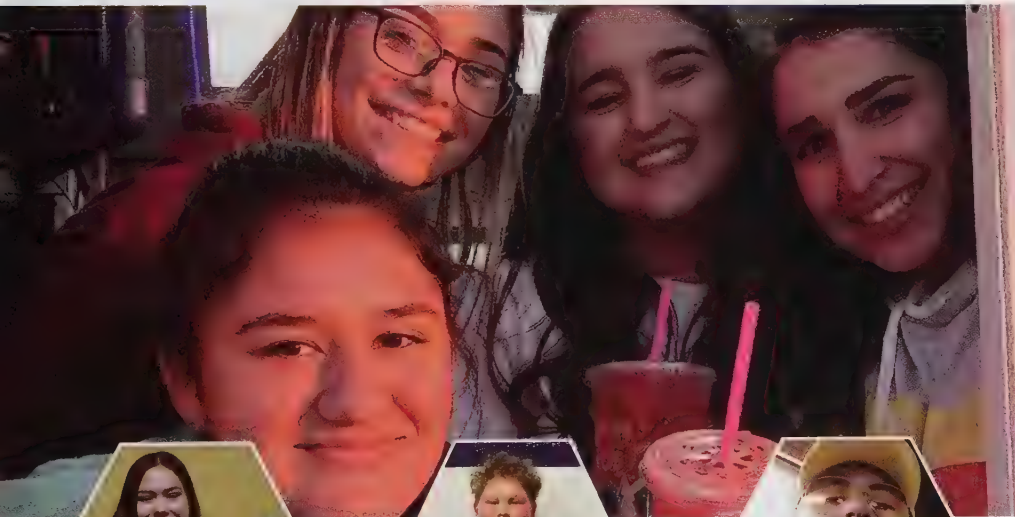

With three months off from school students took to the work force. Summer is a time for most to relax and play while others head off to the daily grind. From cleaning up campgrounds to renting out surfboards, Warrenton students were making bank.

FALL

With the start of a new school year comes the beginning of many unique and exciting experiences. As the leaves change color, Warrenton students study hard and practice with purpose. With Homecoming around the corner, upperclassmen and underclassmen show their school spirit. Friday night football lights up Warrenton as the Warriors cheer on their teams. And every now and then, we even get to witness one teacher propose to another (she said YES!).
Fall is an exciting time at WHS.

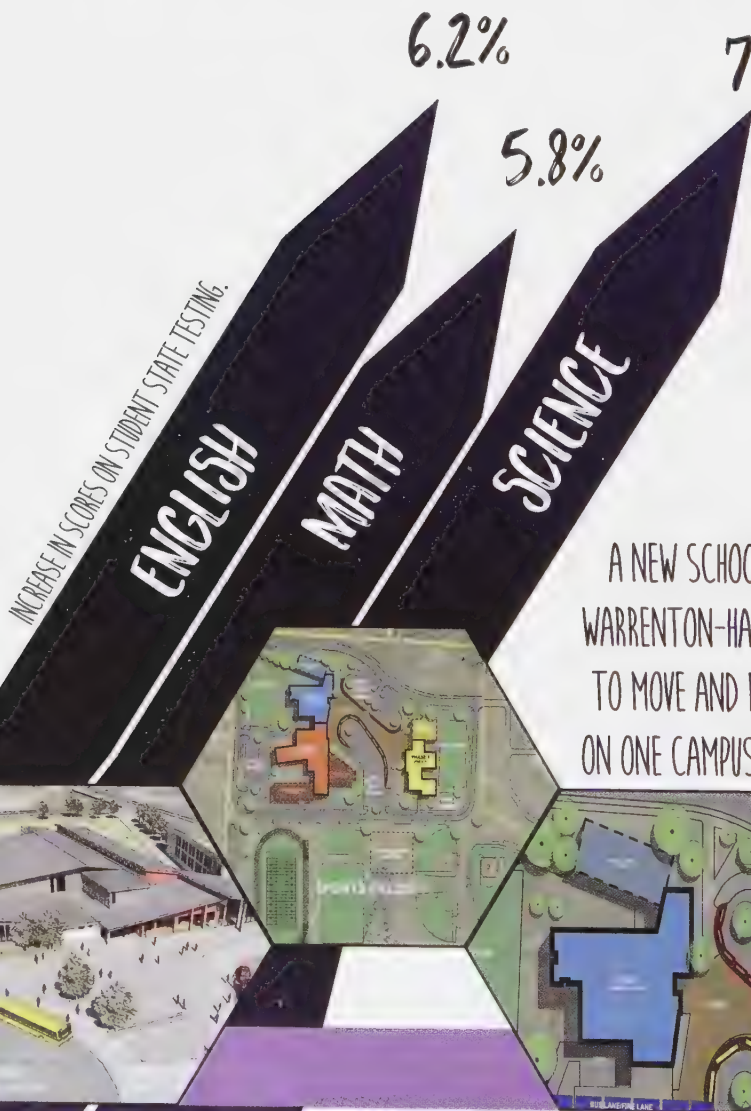

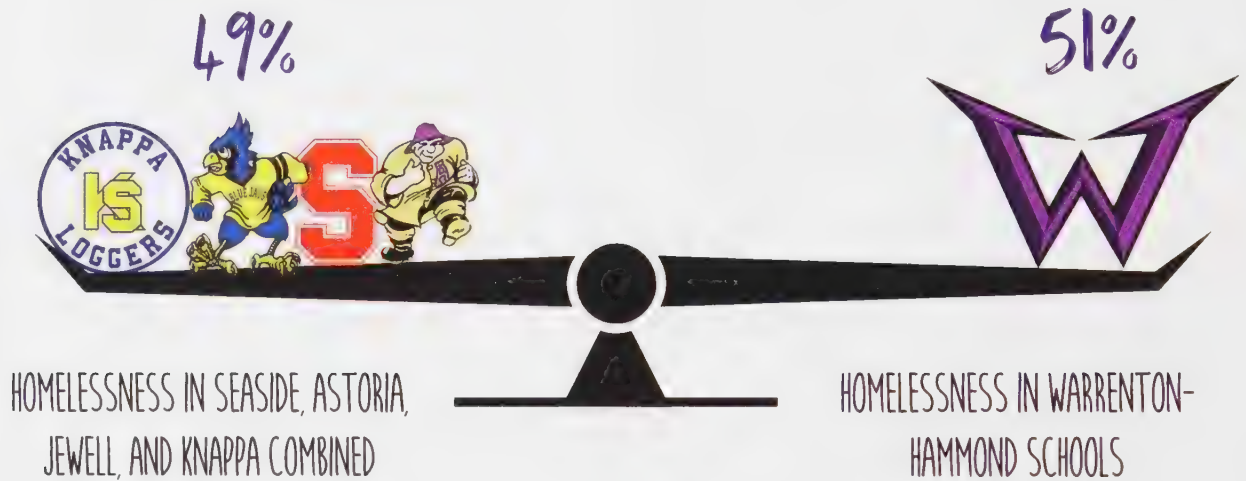

THE PROPOSAL

The long-awaited event finally happened when Art Teacher Brian Vollner proposed to SPED Teacher Mallory Rettig during a homecoming assembly. And the crowd went wild!!!

AN *Incredible* GAME

It was a dark and stormy night when the Warrenton football team bravely fought against Vernonia at the Homecoming Game. The rain was descending with forceful noise, but in the end it did not drown out the high spirits the spectators had for the fierce warriors. With Warrenton winning 42 to 18. Maria Dowlaliby (11), spectator of the football game, said, "The boys really put their heart in that game, and the rain really added to the fun!" And of course the fans are not the only ones who had fun. Triston Scott

(10) commented, "My favorite part of the homecoming game is when my coach jokingly said I did something right for once." With both the spectators and players having the times of their lives, there was not one dark moment during that night. It also helped that the half - time entertainment was seeing the beautiful Sagi Diago (12) being crowned queen. When asked about the crowning, she said, "I was so shocked there was a crown on my head at the end of the night."

Senior Chris Quashnick and WHS Math teacher Dan Hansen "signed on" as part of the *Oceanus* crew this Fall for a high-seas, scientific adventure.

HOW LITTLE WE KNOW

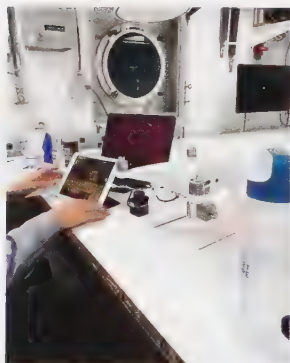

Oregon Sea Grant was awarded four days of ship time on the OSU Research Vessel the *Oceanus* for a project to work with marine mammal and plankton researchers.

"FOR US MATH PEOPLE OUR CHALLENGE IS APPLYING KNOWN MATHEMATICS TO EVERYTHING IN WHICH WE COME IN CONTACT BUT IN SCIENCE WE KNOW VERY LITTLE. ONE OF MY FAVORITE EXPERIENCES WAS TO WATCH REAL-LIFE SCIENTISTS BECOME ELATED OR GIDDY WHEN THEY DISCOVER SOMETHING THEY DIDN'T KNOW BEFORE."

OPPORTUNITY

This project seeks to provide transformational shipboard educational experiences for high school students, undergraduate and graduate students, and early career faculty. Participants had the opportunity to utilize a variety of technology to collect data during a four day research cruise off the Oregon coast.

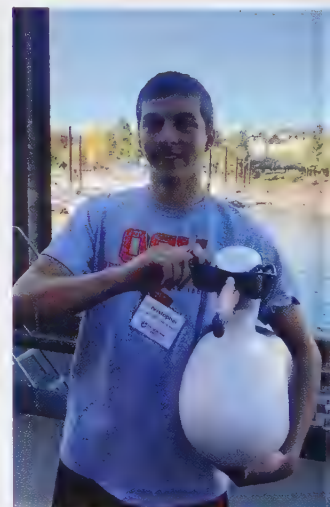

HANDS-ON LEARNING

The shipboard experience provided a unique perspective of science at sea. Students and teachers learned about ocean research and science, technology, engineering and mathematics (STEM) careers through interactions with scientists and the ship's crew.

"THE OCEANUS TRIP WAS A GREAT TRIP FOR ME BECAUSE IT COMBINED TWO OF MY FAVORITE CLASSES--BIOLOGY AND FISHERIES--AND GAVE ME MORE OF THE HANDS-ON LEARNING THAT I ENJOY AND LOVE."

GRAPHS. INTERGERS. Numbers.

Warrenton's math students are some of the most advanced in Clatsop County. Our hard working Warriors apply their math in Physics, Chemistry and upper level classes like Calculus. WHS Principal ROD HEYEN--who also teaches calculus--describes how he is

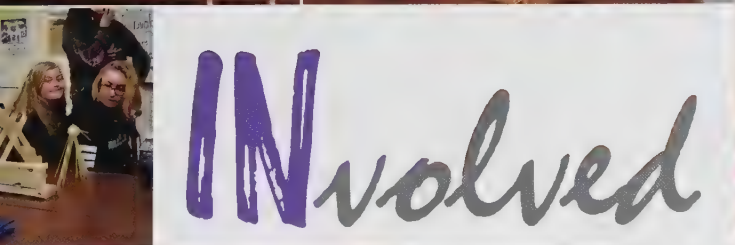

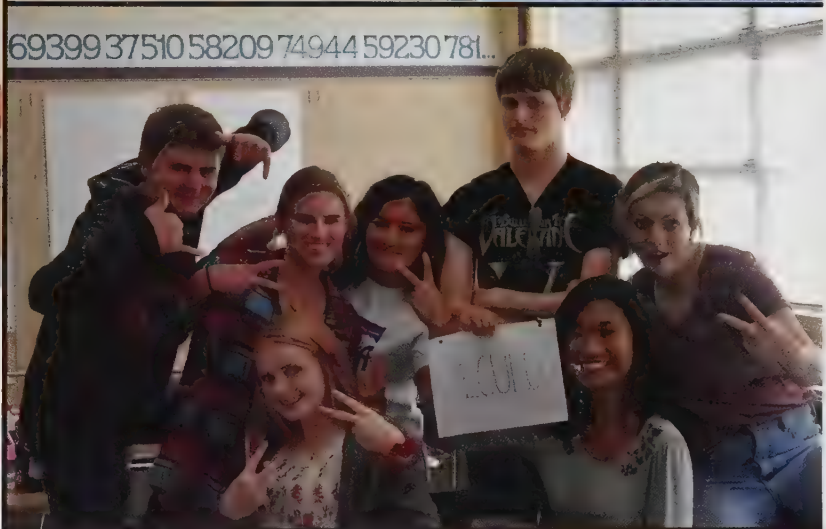

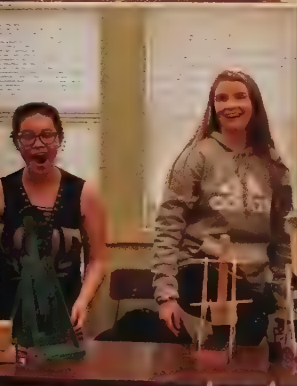

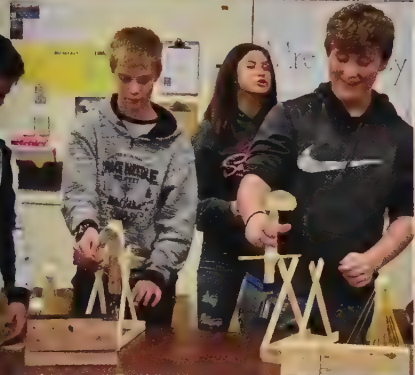

"VERY HAPPY WITH WITH OUR MATH CLASSES. WE HAVE A COUPLE MATH TEACHERS HERE THAT CAN TEACH AT A COLLEGE LEVEL AND I THINK WE ARE SETTING KIDS UP FOR THE FUTURE VERY WELL."

Mr. Hackwith is the veteran math teacher at WHS. He has been teaching here for 33 years. His repitoire over the years ranges from Algebra 1A through Pre-Calculus. He was joined last year by Mr. Bilyeu and Mr. Hansen. In Geometry, Mr. Hansen's students use catapults to understand how angles equate to the distance traveled by lauched objects, among other things.

"THE TRANSITIONS OF EARLY HIGH SCHOOL MATH CLASSES WERE STRANGE AT FIRST, BUT LATER IN HIGH SCHOL I FOUND THAT CALCULUS AND ITS PRE CLASS WERE VERY INSIGHTFUL."

READING WRITING Thinking

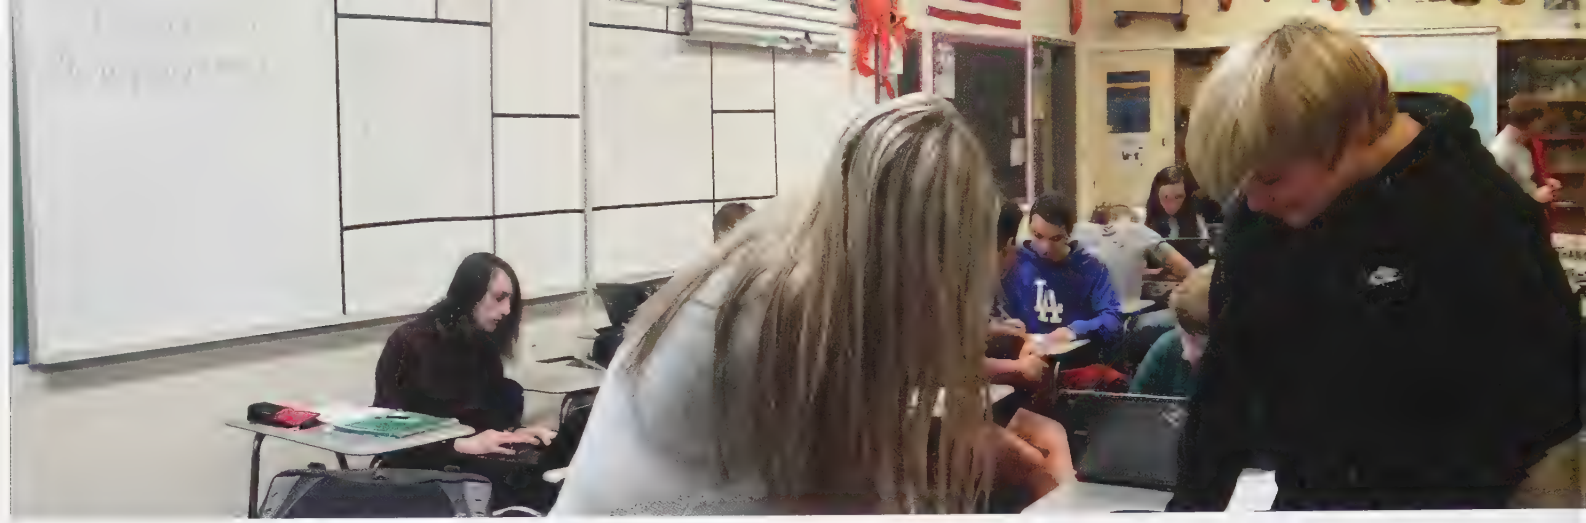

With English being a core subject in all high schoolers' schedules, many opinions arose about the lessons and possible daily assignments. Some people, like our very own principal, Mr. Heyen, crack jokes such as "I read 1984 in 1984." Humor like this affects most English classes, with a bonus of still learning while laughing. English 2 teacher, Mr. West, tries to bring a sense of individuality to his class every day. "ENGLISH IS GREAT BECAUSE EVERYONE BRINGS A DIFFERENT VIEWPOINT TO THE CLASSROOM." Sophomore Duane Falls, who takes Mr. West's English 2 class, continues with Mr. Heyen's humor, stating "I AM FAILING" (said with a smile on his face and a chuckle in his throat). English can be a hard course for some, but with teachers like Mrs. McMakin, Mr. West, and Mrs. Marcello, the classes are enjoyable to most.

Giovanni Martinez, 12

"I TAKE THE COLLEGE WRITING CLASS OUR SCHOOL HAS TO OFFER, BUT I DO HAVE TO SAY THAT THE HARDEST ENGLISH CLASS I TOOK WAS ENGLISH 2. SOME ADVICE I'D GIVE TO THE FRESHMAN WOULD BE, BE TEACHABLE, CAUSE IF YOU'RE NOT THEN YOU WON'T GET YOUR CRITERIA THAT WILL HELP YOU TREMENDOUSLY IN THE FUTURE."

THEY PAY ME TO TELL STORIES AND GO SURFING - KLEBE

HISTORY GOV'T

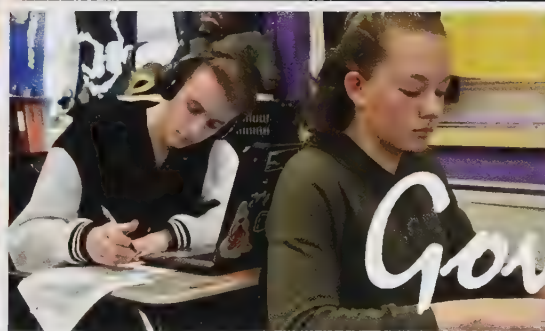

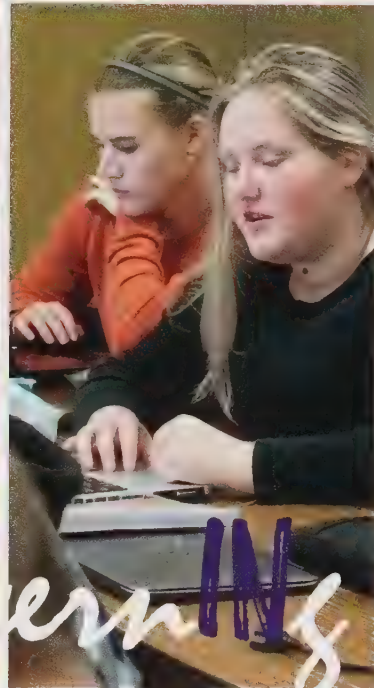

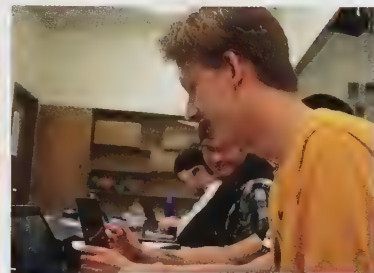

With pirate flags and political posters this is the class you wanna be in if you love tales of adventure and misfortune. History through the years is a fascinating place with tales told by Mr. Klebe. Serena Moha even said, "History is not my favorite subject but Mr. Klebe makes it more fun". Mr. Klebe loves all his students and always wants the best for them. If he could make all the students understand one thing, that would be "if you work really really hard for the 18 years of your life, give up the partying and the stupid, the next 45 years of your life is easy and simple"

I THINK IT IS REALLY EXICTING LOOKING AT WHY OUR COUNTRY DOES THINGS
THE WAY IT DOES - HOEPFL

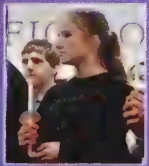

Economics

With amazing movies and great motivating speeches, Mr. Hoepfl's class is not something you want to miss out on. America's fascinating government and economy is taught by the one and only Mr. Hoepfl. Kim Diego says, "his class taught me a lot about the outside world". Going over serious topics and real life problems attending Mr. Hoepfl's class is beneficial to every student. With his famous catchphrase, "Be educated, be real" every student knows he cares about their education.

Winter is the busiest time of the year for Warrenton students. With wrestling, basketball, and swimming in full swing—and the first musical of the year on the horizon—the Warriors are working extra hard in the classroom. Winter week is the highlight of the season with festive dress up days and the winter assembly. Warrenton's winter formal is also a popular event where everyone looks their best after relaxing during winter break. Although Warrenton isn't exactly a snowy winter wonderland, the Warriors have no problem spreading holiday cheer.

COMMUNICARE

CommuniCare is one of the many things that I am going to miss when I graduate from WHS. I love the ability to strengthen our community by helping individuals that are in need and by providing our school district with resources to better the environment for future students. CommuniCare is a club started by the Harold and Arlene Schnitzer Foundation which is dedicated to helping young people identify issues in their community and create a change by the grantmaking process. We have funds to put into our community. Thanks to our members and administrators, this year we were able to raise a record breaking \$1,178 which will be matched 10:1 up to \$1500, allowing us to invest \$18,600 into our community. I am beyond grateful for the opportunity that CommuniCare has given me to make an impact in my community.

Boys VARSITY BASKETBALL

The Warrenton Warriors start their season off wonderfully with a possibility of being a state contending team. Junior Jake Morrow states, "THERE ISN'T ANYTHING BETTER THAN HAVING ALL EYES ON US AND JUST KNOWING THAT NO MATTER WHAT, OUR CROWD HAS OUR BACK." While Jacob believes that the crowd has been the prime factor, another junior Devin Jackson says, "I'M HAPPY THAT MY TEAMMATES PUT IN THE WORK TO BE GOOD." Whether it be the crowd, hard work or pure talent the Warriors have been playing every game like it's their last, no opposing team is too much for our boys. Junior Austin Little wrote, "THE HARDEST OBSTACLE WE OVERCAME AS A TEAM WAS THE ABILITY TO COMPETE IN EVERY GAME." This accomplishment has been made by the team as a whole and will be with them as they possibly continue their basketball careers with or without each other in the future.

HOW ARE YOUR COACHES?

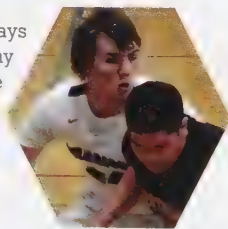

"McBride is a great coach, he makes kids coachable, and he knows what he's talking about."

DALTON KNIGHT: "Senior year was one of the best years I've had, not only because we had a winning record but also because we are the first team to go to the league playoffs in eight years."

JACOB MORROW: "One thing I'll miss about our team is the amount of adversity we went through together."

AUSTIN LITTLE: "I will always remember how we went from a losing record to a state contender in just one year."

KALE'O KAPUA: "I'm going to miss the team and everything we went through—from running till we puke to winning close games and celebrating all the way home."

"MY EXPERIENCE THIS YEAR WAS AMAZING. I THINK AFTER EVERYONE COMMITTED TO WORKING THEIR BEST AND WORKING TOGETHER, WE BECAME ONE OF THE BEST TEAMS IN THE LEAGUE."

Girls WRESTLING

The winter of 2018 was a very important wrestling season for all girl teams in Oregon. This season is the first ever official Female Wrestling season. With the girl wrestlers going to the first ever Oregon Female Wrestling Regionals, WHS is part of making history. The girls' program is only 3 years old and we sometimes looked pretty baby-faced when facing larger, more established schools, but we definitely proved our worth this year and kicked some butt.

Boys WRESTLING

It's more than a team, it's a family. With the team's ever-expanding numbers and fresh faces, these wrestlers have had a very successful season.

Coach Klebe has commented, "THIS IS A YOUNG TEAM THAT IS LEARNING A LOT AND TRYING REALLY HARD." With the highlights being winning the home tournament and hosting districts, these fierce warriors seem unstoppable. Junior Leo Thompson also commented, "THE MENTALITY OF THE TEAM WAS MORE COMPLETE AND IT DEFINITELY SHOWED AT OTHER EVENTS LIKE OUR HOME MEET."

The Warrenton Wrestling Team also earned a record-breaking high of three state qualifiers on the team: **Nic Pior** (10), **Armin Rodriguez** (11) and **Triston Scott** (10). WHS cannot wait to see what this fresh-faced team can do next year.

"IT TAKES HARD WORK AND DEDICATION TO BE A WRESTLER."
-NIC PIOR, 10

SPRING

The Spring season opened with the GIRLS' BASKETBALL TEAM battling for a State win and the yearly BLOOD DRIVE sponsored by StuCo. The Blood Drive was so "popular" this year that it wasn't possible to get to all the students who had signed up to donate blood.

The BAND and CHOIR participated in competitions and athletes worked hard to excel in TRACK, GOLF, and BASEBALL/SOFTBALL. The SENIORS sent in acceptance letters to colleges, swore in to the military, and tried to keep moving until the bitter end. All seemed to look forward to PROM and the SPRING MUSICAL—The Addams Family.

GOLF

If you want to relax this spring, golf is the way to go. Visiting the Astoria Country Club three times a week, this team is used to a beautiful view and expensive grounds. Compared to other sports, this team dines in luxury by going to fancy restaurants after seven-hour meets. This WHS sport is also special by having more girls than boys participating this year, creating a unique team dynamic. With many diverse and talented Warriors joining the team, they seem to be unstoppable. Between Coach McBride and Team Captain Saumay Narayan—and lots of hard work—the team has found success.

-COACH WOLFE

It's that time of the year where you can see that the months of rain have finally paid off. The same is true on the baseball field! This year the Warrenton Warriors Baseball Team is catching balls and seeing their names in the newspaper. With the majority of their players having years of experience, no school can beat this battle-ridden team. With prosperity in their favor, it seems like a league championship is [finally!] is a real possibility.

Want Work Win

This year's softball team is a group of determined and hard working girls.

Unfortunately, this will be the last time 6 of our lady warriors will be playing softball together.

Just like any team, they would like to make it to state. The girls this year are scheduled to play 21 games.

Madison Kadera: "My favorite memory so far was when Jade crawled back to 1st base during spring break."

Ruby Dyer: "I play softball because I love the team aspect of the game and Stacy makes it fun to play."

Hallie Mossman, "I'm going to miss being surrounded by all of my supportive teammates, and just all of us having fun playing the game."

Brianna Quashnick, 11 "Play until you stop."

Hanna Bentley, 12 "The one thing I want to get better at is actually being able to play with my knee since I had surgery in September."

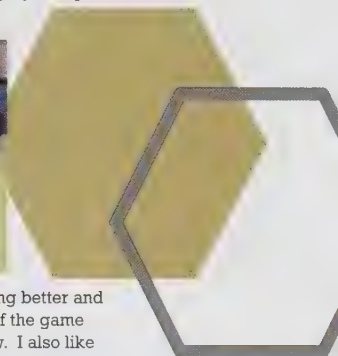

I play softball because it's my favorite sport and I've been playing since elementary school. It's intricate and uses a lot of knowledge. Plus it's fun to try to hit a home runs."
Melia Kapua, 11

"I play because I love all the support that is given and the memories we make."
Jade Freniere, 11

My favorite part of softball is getting better and smarter. I want to be a student of the game because there is so much to know. I also like being able to know my weaknesses and find a way to make them strengths. There's always room for improvement. Kenzie Ramsey, 11

REMEMBERING 2019

STUDENTS' POLITICAL PONDERINGS

Students were asked in a blind survey what they thought were the biggest national and international issues during the school year. Here are their answers: 1. Stan Lee's death. 2. The government shutdown. 3. The measles outbreak and vaccination issues. 4. The increase in school shootings. 5. The California wildfires and climate change. 6. The wall. 7. Concern about the President. 8. North Korea. 9. Brexit. 10. Immigration.

HALLIE NICHOLE,

Your love, your strength, your talents and
your ambition have molded you into such an
amazing woman. You're a role model to all
of us. We are beyond excited for you and
your accomplishments. Keep being you.
Don't ever change.

WITH ALL OUR LOVE,

Mom, Evan, Abigail, Logan, and Wyatt

Hallie Nichole Mossman

Danielle,

I once heard that in the end, your life is your story. I am so proud of the person you are and all your wonderful accomplishments, and you've only just begun. My advice is to live life with everything you've got! Love hard, travel far and often, fail and fail again because no one learns from constant success, persevere, and laugh (a

lot)! Take it all in without ever taking it for granted. And NEVER settle or compromise your soul. Follow your dreams and listen to your gut instincts, because they are never wrong. Be true to yourself, because, after all, this is your story. Make it the best story anyone has ever lived!

Love, Mom

Danielle Dalyn Bue

CONGRADULATIONS, SHYLER! We are so proud of the young woman you have become and can't wait to see what the future has in store for you. It hasn't been easy but you've worked hard and we hope you are proud of all you have accomplished, too! You'll be going off to college soon and starting a new adventure but know that we will always be here for you when you need us. We love you more than you will ever know.

Love, Dad & Melissa

Senior Will

Being of sound, mind, and body...

CAILIN BENNETT : "First I leave the job of Team Mom to KAISA. Good luck, its harder than it looks! Second, LUCAS I leave you my nicknaming skills; with how many I gave you over the last two years I think it's your turn to start giving them out. To AVYREE I leave you mani/pedi discounts, and my helmet for your skiing endeavour. To GRACE, I leave you the skill to find the right "Copper." Finally to my Sister, ALYSSE, I leave you my dedication and work ethic, I know it is not the most glamorous gift but it has served me well through high school, and I know it will help you do your best. I wish all of you the best of luck!"

HANNA BENTLEY : "When I graduate I would like to leave behind my job at fisheries to HAYLEIGH ANGLIM."

SHYLER CARDINALETTI : "I would want to leave behind a cure for senioritis for my UNDERCLASSMEN FRIENDS before it is too late for a cure."

KIM DIEGO : "My savageness to CHRISTIAN TAPALES, my good looks and charms to PHOENIX MARTIN, my stylish lit outfits for JOSE TALANCON."

RUBY DYER : "I leave my ability to hit dingers to MIA MCFADDEN, and I give my ability to slack off but still pass to DIVINE GODWIN and MADDIE ERLAND. I leave my ability to graduate to all my friends: I know you'll make it through."

JAARON GREEN : "Nothing : you guys are on your own!"

MADISON KADERA : "ANNA SCHENBECK - I leave you the ability to continue to be the team mom for all those cross country kids and to help Hayley with anything she needs. Also, keep adding to the wrestling family: we need more girls. MARLIE ANNAT (and Sofia Morrill cause she will get this) - I leave you the ability to fight off the wind demons whenever they present themselves to you. TAYLOR CARDINALETTI - I leave you all my softball abilities but translated into infield stuff cause that's what you are. ISA MORRILL - I leave you my ability to put things into the grade book really quickly so then you can do your own homework."

ALEXIS MADDOX : "To my baby brother JALEN, I want to leave behind the determination I had to get out of this town and do better things and of course my love for him. To the TEACHERS I will leave the thought of how thankful I am that I probably couldn't have done this without them and their help and I'm very thankful. To JORDAN MARSCH I want to leave my independent attitude so that you can be happy on your own and not let people be mean to you. LEIF REHNERT I leave behind disinfectant wipes so you can clean whatever you want. "

JORDYN MAY : "To NICOLE HOPKINS, I give you my will to not care about what anyone thinks of you and push through your last year in school."

PADDY MCCARGISH : "I leave behind every terrible day at this place. I also leave behind a swear jar that's short a few hundred dollars."

NOEL O'BRYAN : "I leave behind being a mother of the wrestling team to MARLIE, and a strong will to keep pushing through everything to the volleyball and wrestling team."

LIBBY REHNERT : "To the STUDENT BODY: I would like to leave behind the competitiveness and drive to be better in everything you do. MY TEAMMATES: I want to leave behind the closeness we share, the motivation to create a bigger name for our school. To MY TEACHERS: I want to leave behind the memories and silliness that was shared. To MY BROTHER AND FUTURE SIBLINGS: I want to leave behind my willingness to overcome anything that was put in the way, to leave wisdom and always be compassionate, to strive in every sport and club that you are a part of. *I want the next year to achieve what our class would want and be proud of. Go Warriors!*

VIKTOR RIHA : "My funky accent to all the other EXCHANGE STUDENTS, my love for tacos to those who still do not believe in its magical powers, and cooking skills to those that will fill Paddy's spot."

AJ SCHENBECK : "A grain of rice to LUCAS THOMPSON, A Fultanos buffet to RYAN HOAGLAND, A haircut to CAIDEN WEINMANN, and the ability to walk out of any class with no repercussions to CALEB SPRENGLER."

MEGAN WILKINSON : "I leave behind nothing; I am going to need all that I have to make it through college."

KASSANDRA YOUNG : "MOLLIE DRAKE and BRITTANY HUBBARD, everything goes to you."

2 FINAL QUESTIONS:

JUST HOW **IN**tegrated ARE WE?

◆ TARYN SHAY, 9

"Freshmen are allowed freedoms that only upperclassmen are allowed at other schools. We are seen as the same and most people only see you as you."

◆ CONNOR MOSS, 10

"I liked that we raised money for Doernbechers because we are all part of a community and should help each other."

◆ LINDSEY WELTON, 12

"For being such a small school, WHS has a lot to offer in terms of tools, opportunities, and people. With all that is planned, the school is well on its way to becoming truly integrated."

ATHLETICS

ALYSE BENNETT, 9

"I was #allin in basketball season and dressing up to support the sport teams @ their games.
